Brief Description of Courses Offered:

Preliminary (one semester) introduces the Hebrew alphabet and how to read & pronounce words.

Basic courses (levels 2-4, each two semesters) build an elementary vocabulary for use with reading simple sentences and stories.

Intermediate courses (levels 5-7, each two semesters) introduce various grammar concepts, extend vocabularies, and read more interesting stories with greater comprehension. Hebrew taught in all Basic and Intermediate courses is commonly found in both Biblical and modern Israeli usage.

Advanced courses are available for both modern conversational Hebrew and Biblical Hebrew areas of study.
